OUR PILLS TALK

Welcome

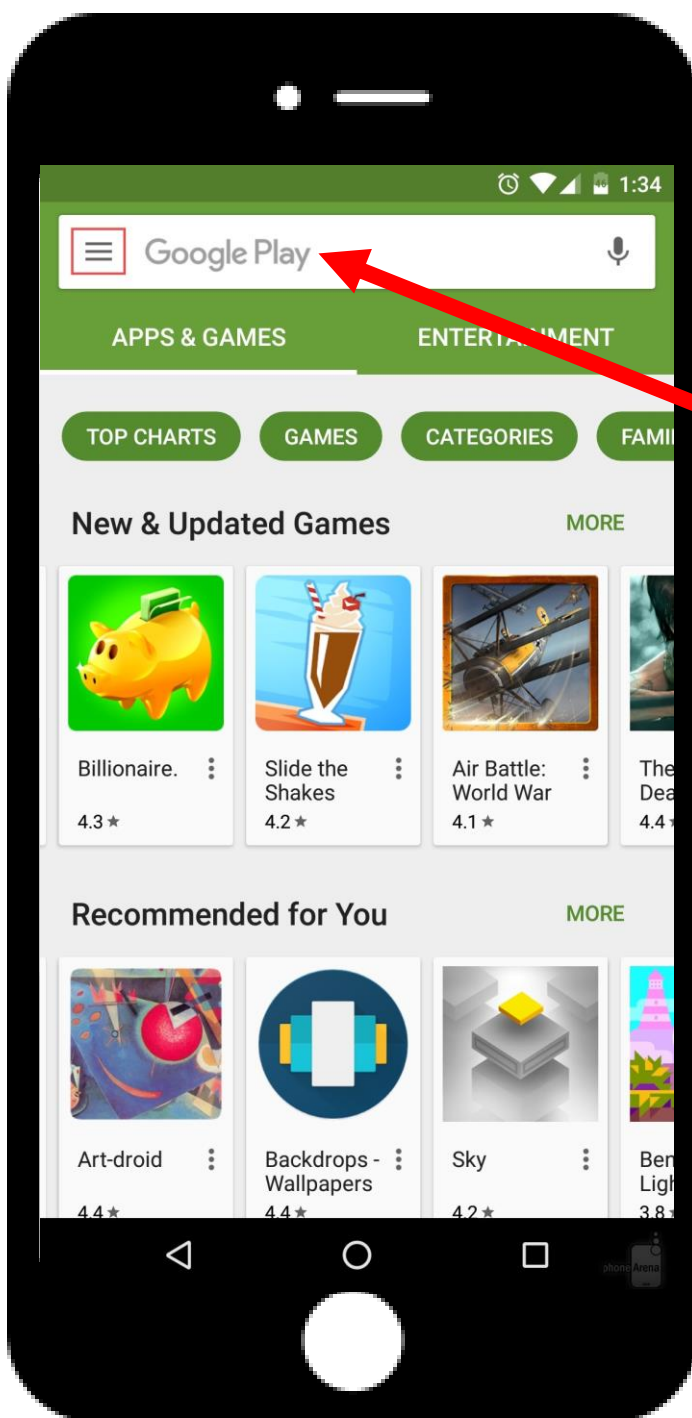

Welcome to Our Pills Talk

- Ideal for people who are visually impaired, dyslexic, autistic, or cannot read English
- Scan the labels and QR codes of prescription medicines and speak them out loudly
- It can even translate the label into dozens of languages
- It is easy to download it from Google Play Store with 99cents

Download

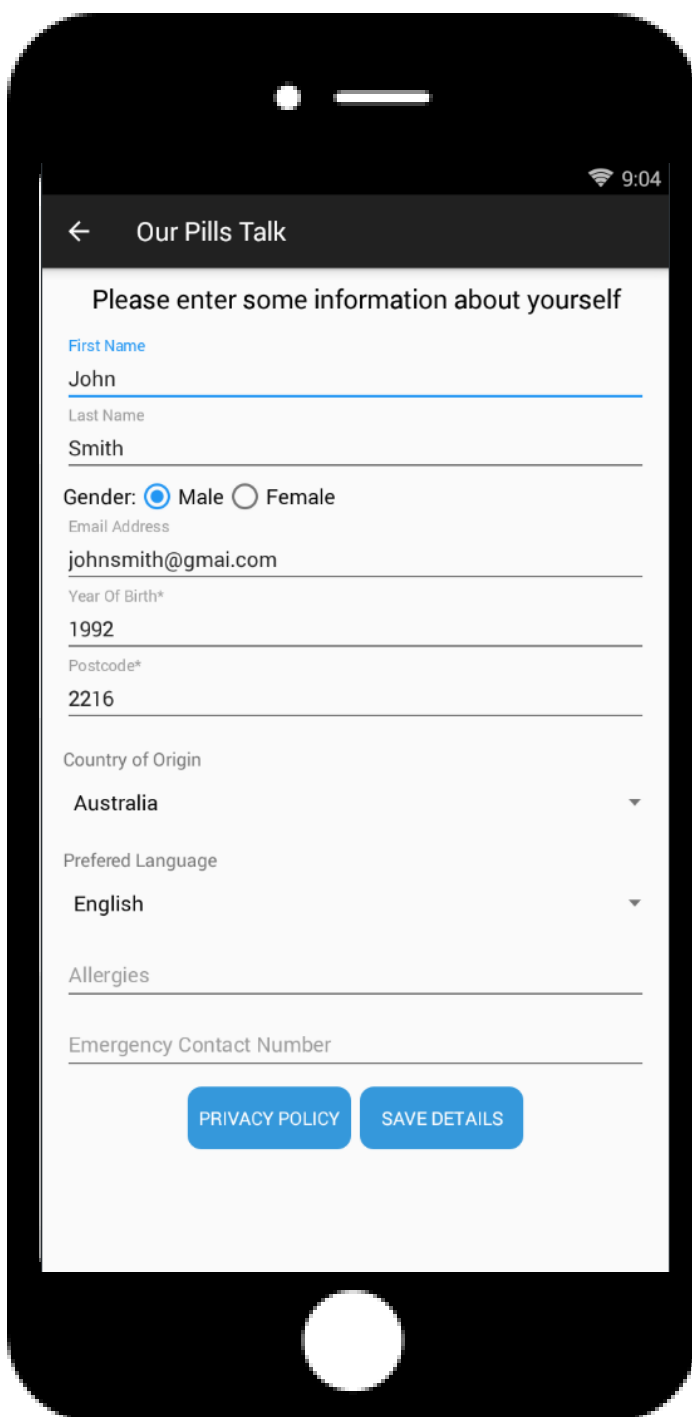

How to install our App?

- Open Google Play Store.
- Find Search area and type in 'Our Pills Talk'
- As you type, app name will be suggested
- Tap on it and you can see App page and downloading button.
- You may be asked about you ID and passwords from Play Store.
- Wait for a short time, and you will see our app on your main screen.

Download
